

# Murtaza Mustafa

Alberta, Canada | +1 647 674 8705 | [murtaza1mustafa1@gmail.com](mailto:murtaza1mustafa1@gmail.com) | <https://www.linkedin.com/in/murtazam1>

## Skill Summary:

- **Frontend & Backend:** React, Node.js, JavaScript, TypeScript, CSS, HTML
- **Databases & APIs:** SQL (MySQL), REST APIs
- **Programming Languages:** Python, Java, C++, C#
- **Tools & Practices:** Git/GitHub, Agile/Trello workflows, OpenGL, PhysX, debugging, component-based architecture
- **Strengths:** Problem-solving, teamwork under deadlines, effective communication, software testing

## WORK EXPERIENCE

### Teaching Assistant (Theoretical Foundations of Compsci II)

Sep 2023 – Dec 2023

University of Calgary (Calgary, Canada)

- ▶ Prepared and delivered instructional sessions for 20 students, adapting content to support individual learning needs.
- ▶ Conducted engaging group sessions, leveraging strong communication skills to facilitate discussions and clarify complex concepts effectively.
- ▶ Demonstrated proficient time management and meticulous attention to detail in grading assignments and exams using Microsoft Excel.

### Brand Ambassador

May 2023 – Aug 2023

Kaszab Inc (Calgary, Canada)

- ▶ Coordinated event setup and teardown operations, working with vendors and mall staff to ensure smooth execution.
- ▶ Supported real-time event flow by managing logistics, resolving on-site issues, and maintaining organization under time constraints.
- ▶ Engaged with 100+ attendees daily, increasing event visibility and participation.

### Lead Game Designer & Associate Gameplay Programmer

Aug 2024 – Present

Glass Gecko Games (Calgary, Canada)

- ▶ Lead design and implementation of core gameplay systems, defining progression, mechanics, and player experience.
- ▶ Developed and refined gameplay features in Unity using C#, bridging system design with technical implementation.
- ▶ Collaborated in agile sprints using Jira, completing 5–6 tasks per sprint and iterating based on playtesting feedback.
- ▶ Defined and maintained system documentation to ensure clarity and consistency across team development.

## PROJECTS

### Portfolio Website (Next.js, React, TailwindCSS, TypeScript)

Oct 2025 – Feb 2026

- ▶ Built a responsive portfolio using Next.js with reusable components and scalable architecture for dynamic content rendering.
- ▶ Designed a dynamic content system to render structured project case studies.
- ▶ Applied modern UI/UX practices using TailwindCSS to ensure consistency across devices.
- ▶ Deployed as a centralized platform to showcase projects and technical work

### Evently (React, Node.js, MySQL, Docker)

Sep 2024 – Dec 2024

- ▶ Developed a full-stack event management platform supporting event creation, participation, and issue tracking.
- ▶ Designed and integrated RESTful APIs with a Node.js backend and MySQL database.
- ▶ Built responsive React interfaces for event listings, detail views, and issue management.
- ▶ Collaborated using Git and Docker to maintain a consistent and reproducible development environment.

### Carayon Clash (C++, OpenGL, PhysX, ECS)

Jan 2024 – Apr 2024

- ▶ Engineered a custom C++ game framework using an entity-component system to support modular gameplay development.
- ▶ Implemented core systems including physics integration (PhysX), rendering (OpenGL), and AI behaviors for enemy vehicles.
- ▶ Diagnosed and resolved complex collision issues by restructuring PhysX collider configurations.
- ▶ Led development and design coordination, establishing milestones and aligning technical systems with gameplay goals.

### Well Mapping Software (React, Node.js, MySQL)

Jan 2023 – Apr 2023

- ▶ Developed a full-stack application for well data visualization and monitoring.
- ▶ Designed database schemas and implemented SQL queries for efficient data retrieval.
- ▶ Built frontend interfaces with React and integrated backend services using Node.js.
- ▶ Conducted testing and debugging to ensure system reliability and performance.

## EDUCATION

### Bachelor of Science – Computer Science

Graduated June 2025

- ▶ **Awards:** Dean's List (2021, 2022), Continuing Undergraduate Scholarship (2022).
